

More Information About Gift Annuities

Charitable gift annuities are a very flexible way to make a gift to a charitable organization. They can be designed to provide a fixed income for life for you and/or others you choose. They are easy to create and can be funded with gifts of relatively modest amounts.

Example for One Person

[Maureen Davis](#) , [70](#) , decides to give \$ [10,000](#) for a gift annuity agreement on April 9, 2020. The payment rate based on age is 5.1%, or \$510 for life. Because of the charitable gift portion of the annuity, there will be a tax deduction of \$4,002 allowed for the year of the gift.

In addition, \$377 of each annual payment will be received free of tax for the first 15.9 years that payments are received.

The amount of the gift annuity is also removed from a donor's probate and taxable estates, in many cases resulting in additional savings.

To summarize, Maureen Davis has:

- Transferred \$10,000 in exchange for an income for life.
- Arranged for payments that will total 5.1% of the gift amount annually, which is \$510 per year.
- Eliminated tax on \$377 (about 74% of the payments) for the first 15.9 years they are received.
- Made a gift that results in an immediate charitable income tax deduction of \$4,002.
- Ensured the amount used to fund the gift annuity will not be subject to estate tax or probate expenses.

 [Return to Basic Version](#)

NOTE: This calculation is provided for educational purposes only. The type of assets transferred, the actual date of the gift, and other factors may have a material effect on the amount or use of your deduction. You are advised to seek the advice of your tax advisors before implementing a gift of this type.

Example for Two People

Your rate for a **one-life** gift annuity at age [70](#) will be **5.1%**

Enter age for a second person here ([1/1/1940](#)) and see the **two-life** rate for ages [70](#) and [80](#) . Your rate for a two-life gift annuity will be **4.9%** and your income tax deduction will be \$3,615.
